**Task 5: If you feel ill you should go to the doctor's. Yesterday Robert didn't feel very well. This is what he says. Put the sentences in the correct order.**

- I didn't feel very well.
- The doctor examined me.
- After a few days, I started to feel better.
- I went to the surgery and saw the doctor.
- I went to the chemist's, paid for the prescription, and got some medicine.
- I phoned the doctor's surgery and made an appointment.
- She told me I had a flu.
- I explained what was wrong.
- She gave me a prescription.

**Task 6: Here is the conversation between Robert and his general practitioner.**

**GP:** Next please.

**R:** Good morning doctor.

**GP.:** Hello. Come and sit down. What seems to be the matter?

**R:** Well, I woke up in the morning and I found out I have a sore throat and a splitting headache. It's difficult to speak, my sore is really scrachy. And I have a cough too.

**GP.:** Let me have a look at you. Open your mouth, please. Say: "99".

**R:** 99.

**GP.:** Your throat is very red and your glands are swollen. Have you got a temperature?

**R:** Just a bit.

**GP.:** Take off your shirt, I'll listen to you. Breathe deeply.

Well, you've got a flu. Go home and go back to bed. Drink a lot of tea, take some vitamins and I'll write you a prescription for some

aspirin and cough relief. Take one pill every six hours and come to see me in a week.

**R.:** Thank you very much. Goodbye.

**GP.:** Goodbye.

**Task 8: Match the specialist with the treatment he provides.**

a paediatrician	treats women's diseases
a gynaecologist	treats diseases of the nerves
a psychiatrist	operates on the patients
a dermatologist	takes care of your teeth
an orthopaedist	treats diseases of the eye
an oculist	treats children's diseases
a neurologist	treats your mind
an internist	treats diseases of your skin
a surgeon	treats broken bones
a dentist	treats diseases of your stomach and tummy
